

Rangers on Track School Challenge Fundraiser

Rangers on Track is actively raising \$500,000 by this June for the Athletic Facilities Renovation Project at WHS. To date we have raised \$265,000. Please see the website for more details about Rangers on Track and the project at WHS, www.whsrangersontrack.org.

All of the Westborough Schools are participating in a **School Challenge Fundraiser**. The School Challenge will begin on Monday, 4/30, and run through Wednesday June 6th which has been declared **'Ranger Nation Day.'** We encourage students and faculty (parents too) to show their Ranger Pride by wearing Westborough school and town spirit wear on **Wednesday, June 6th, Ranger Nation Day!**

This friendly contest asks each school/parent group to try and raise the most money for the project during that time frame. Interested families, staff and supporters can donate through provided envelopes (they will be coming home in backpacks soon) or online at www.whsrangersontrack.org **under the School Challenge tab**. The donations will be collected, tallied, and progress will be posted on the website as well in the schools. The school that raises the most money will win a school spirit night at a WHS game this fall, the winning school will have its own Super Fan seating section, and the school will be recognized on the field during the game.

Rangers on Track will provide donation envelopes which will be distributed to students in their homerooms. Be on the lookout for your students to bring their envelopes home in the next few days, hopefully to be returned to school with a contribution for the project!

Thank you for your continued help and support!
